

IC1
Install this first
(covered by
TSL2561, UART and
OLED_SCREEN)

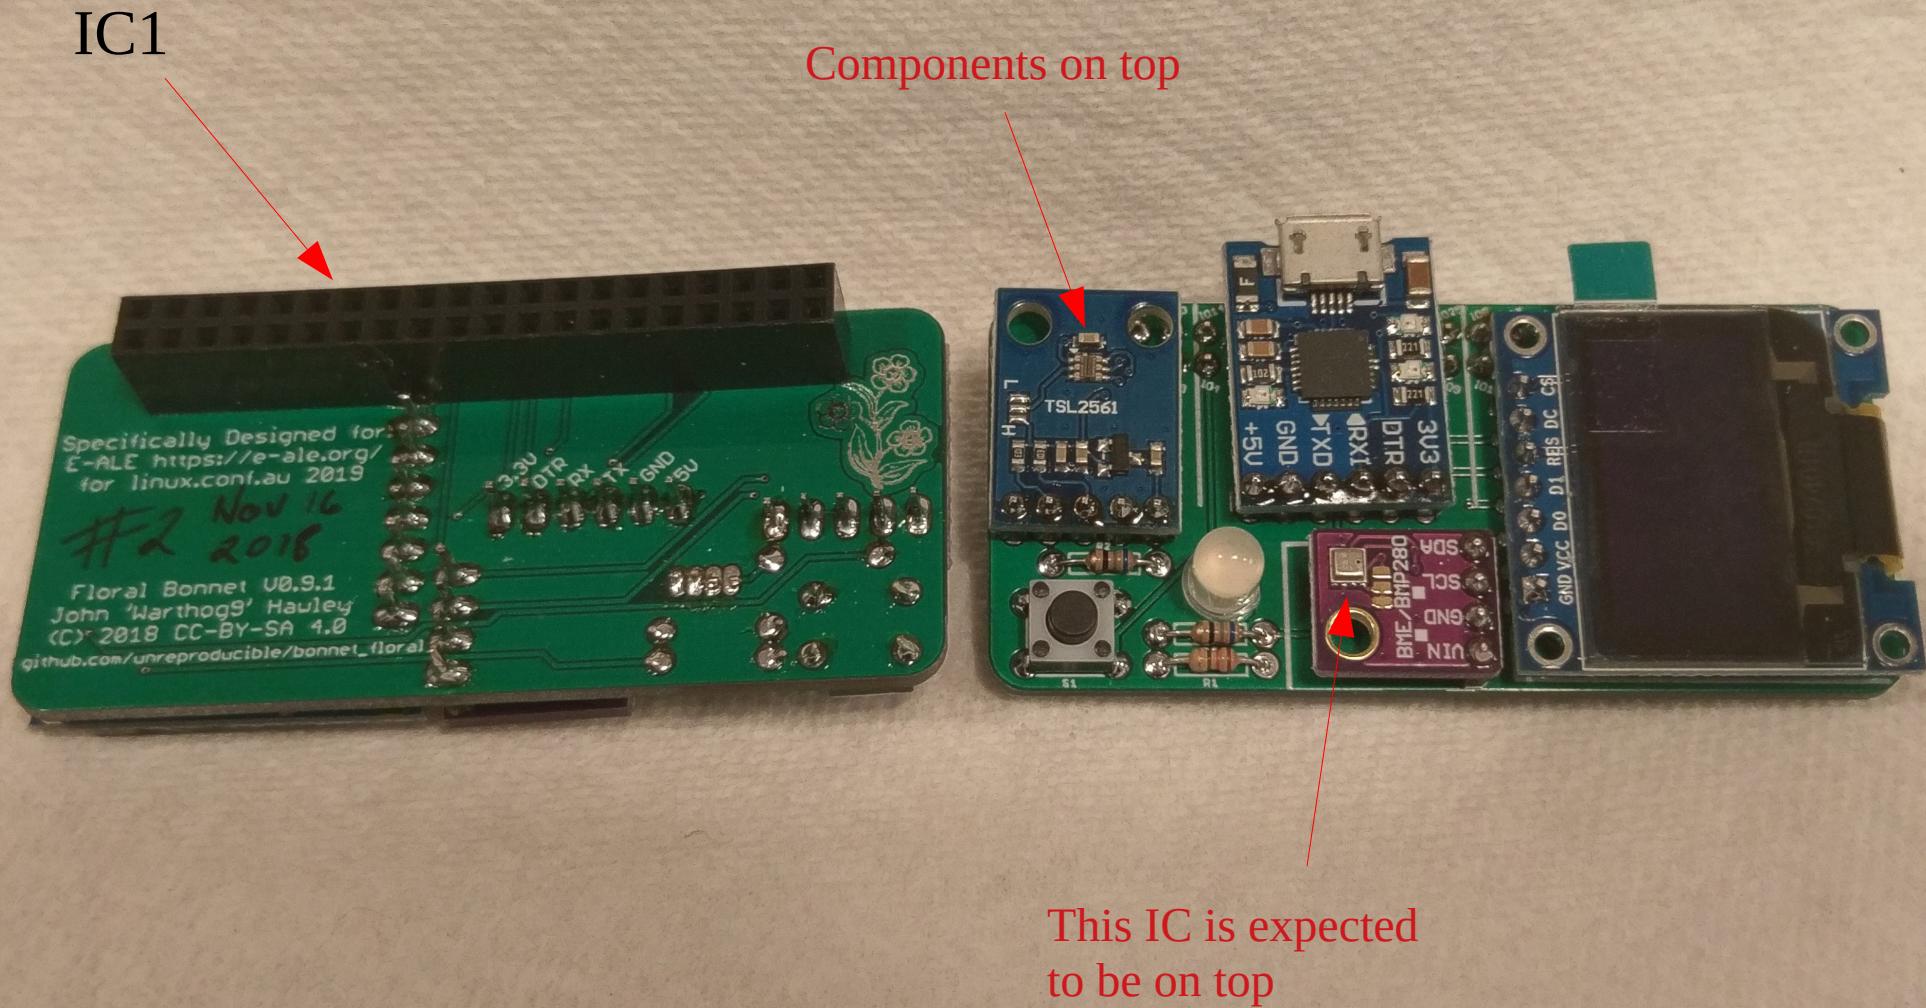

Note: pinout

Board Top

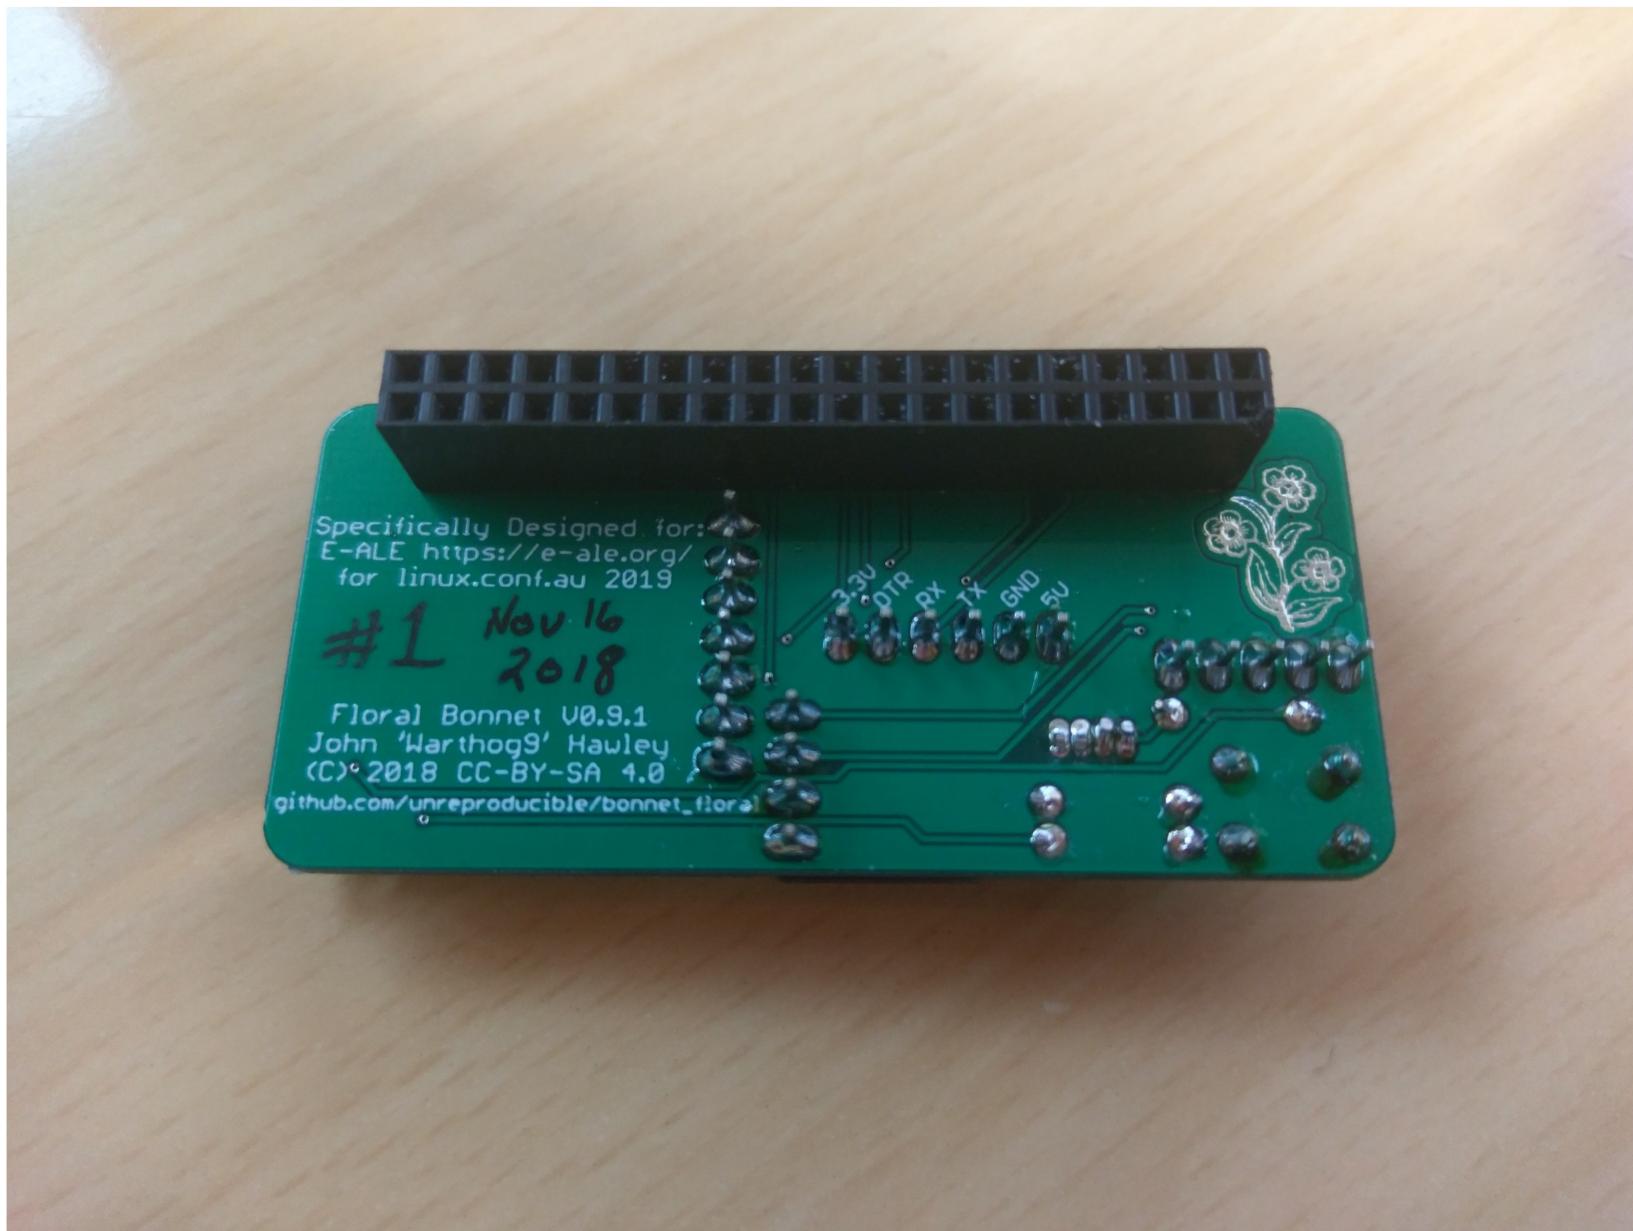

Flat Side
Pinout from Left:
Blue, Red, Common Cathode, Green

Board Bottom

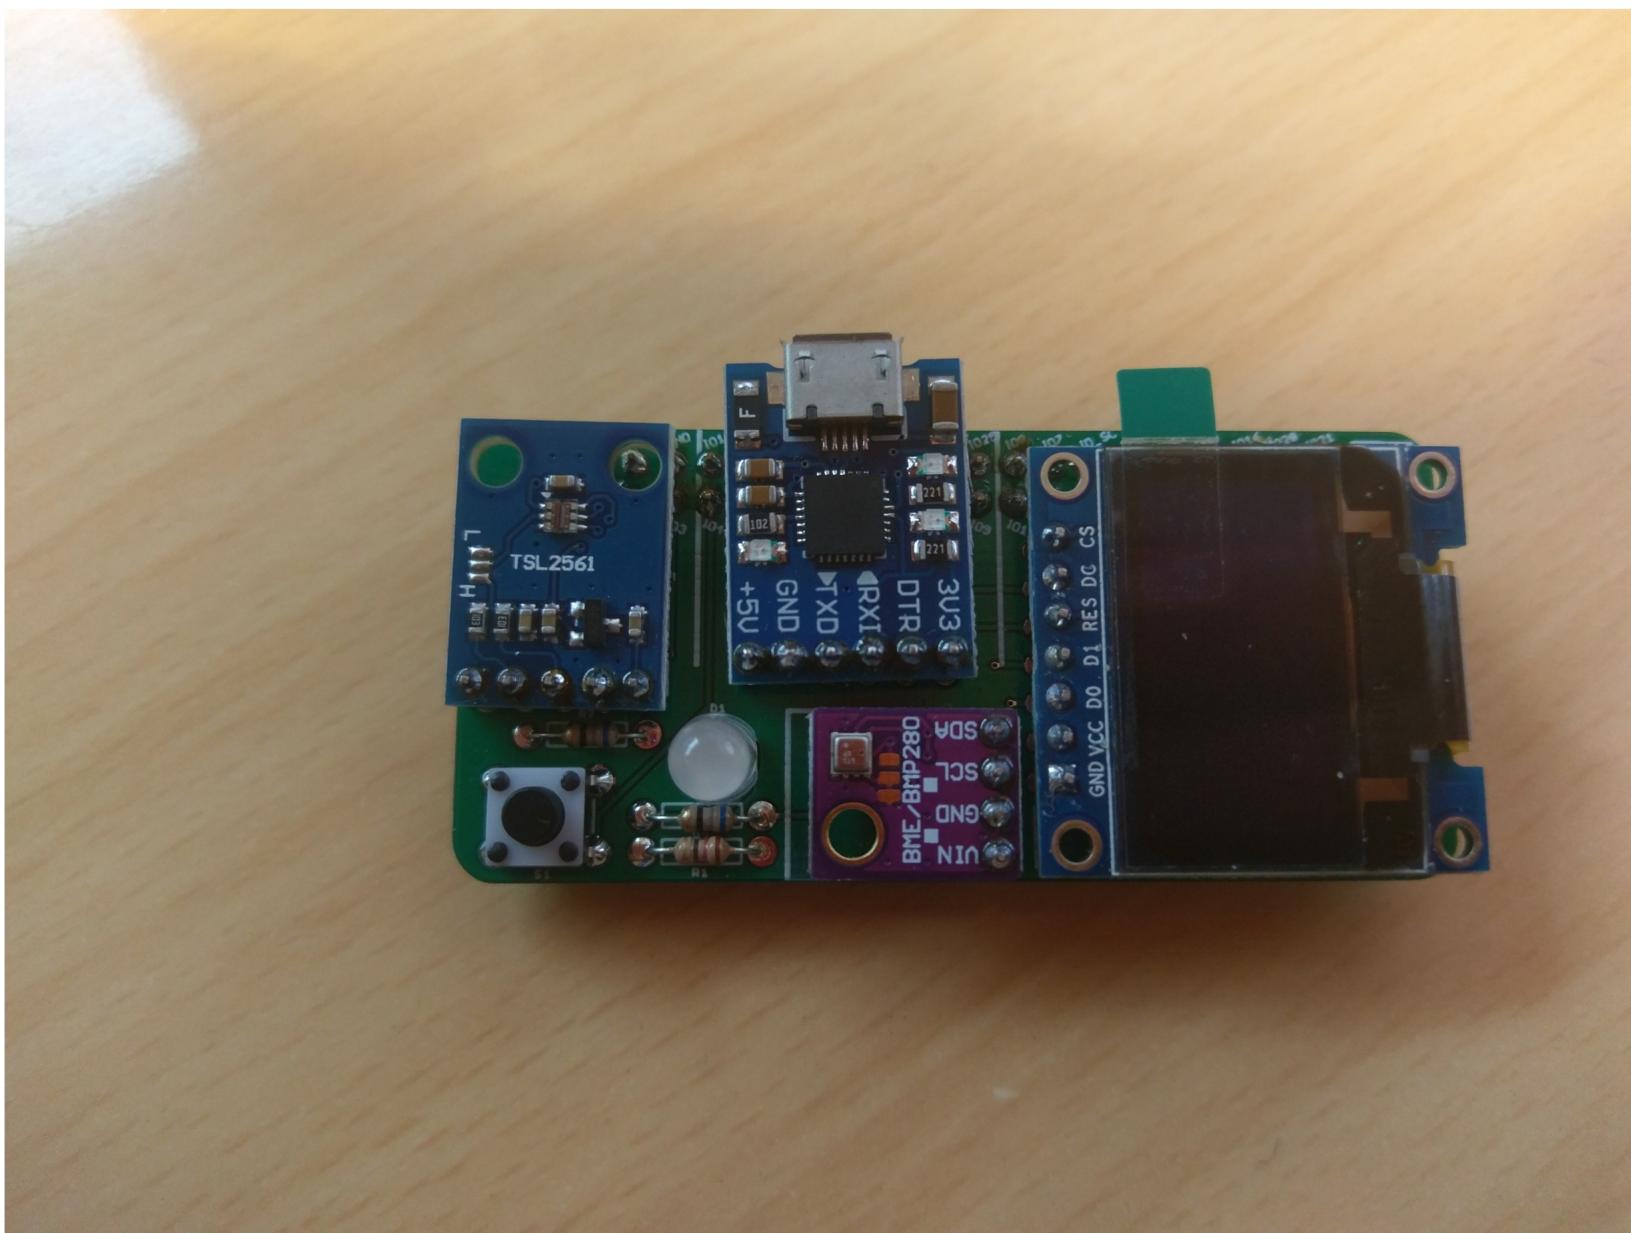

Board Top

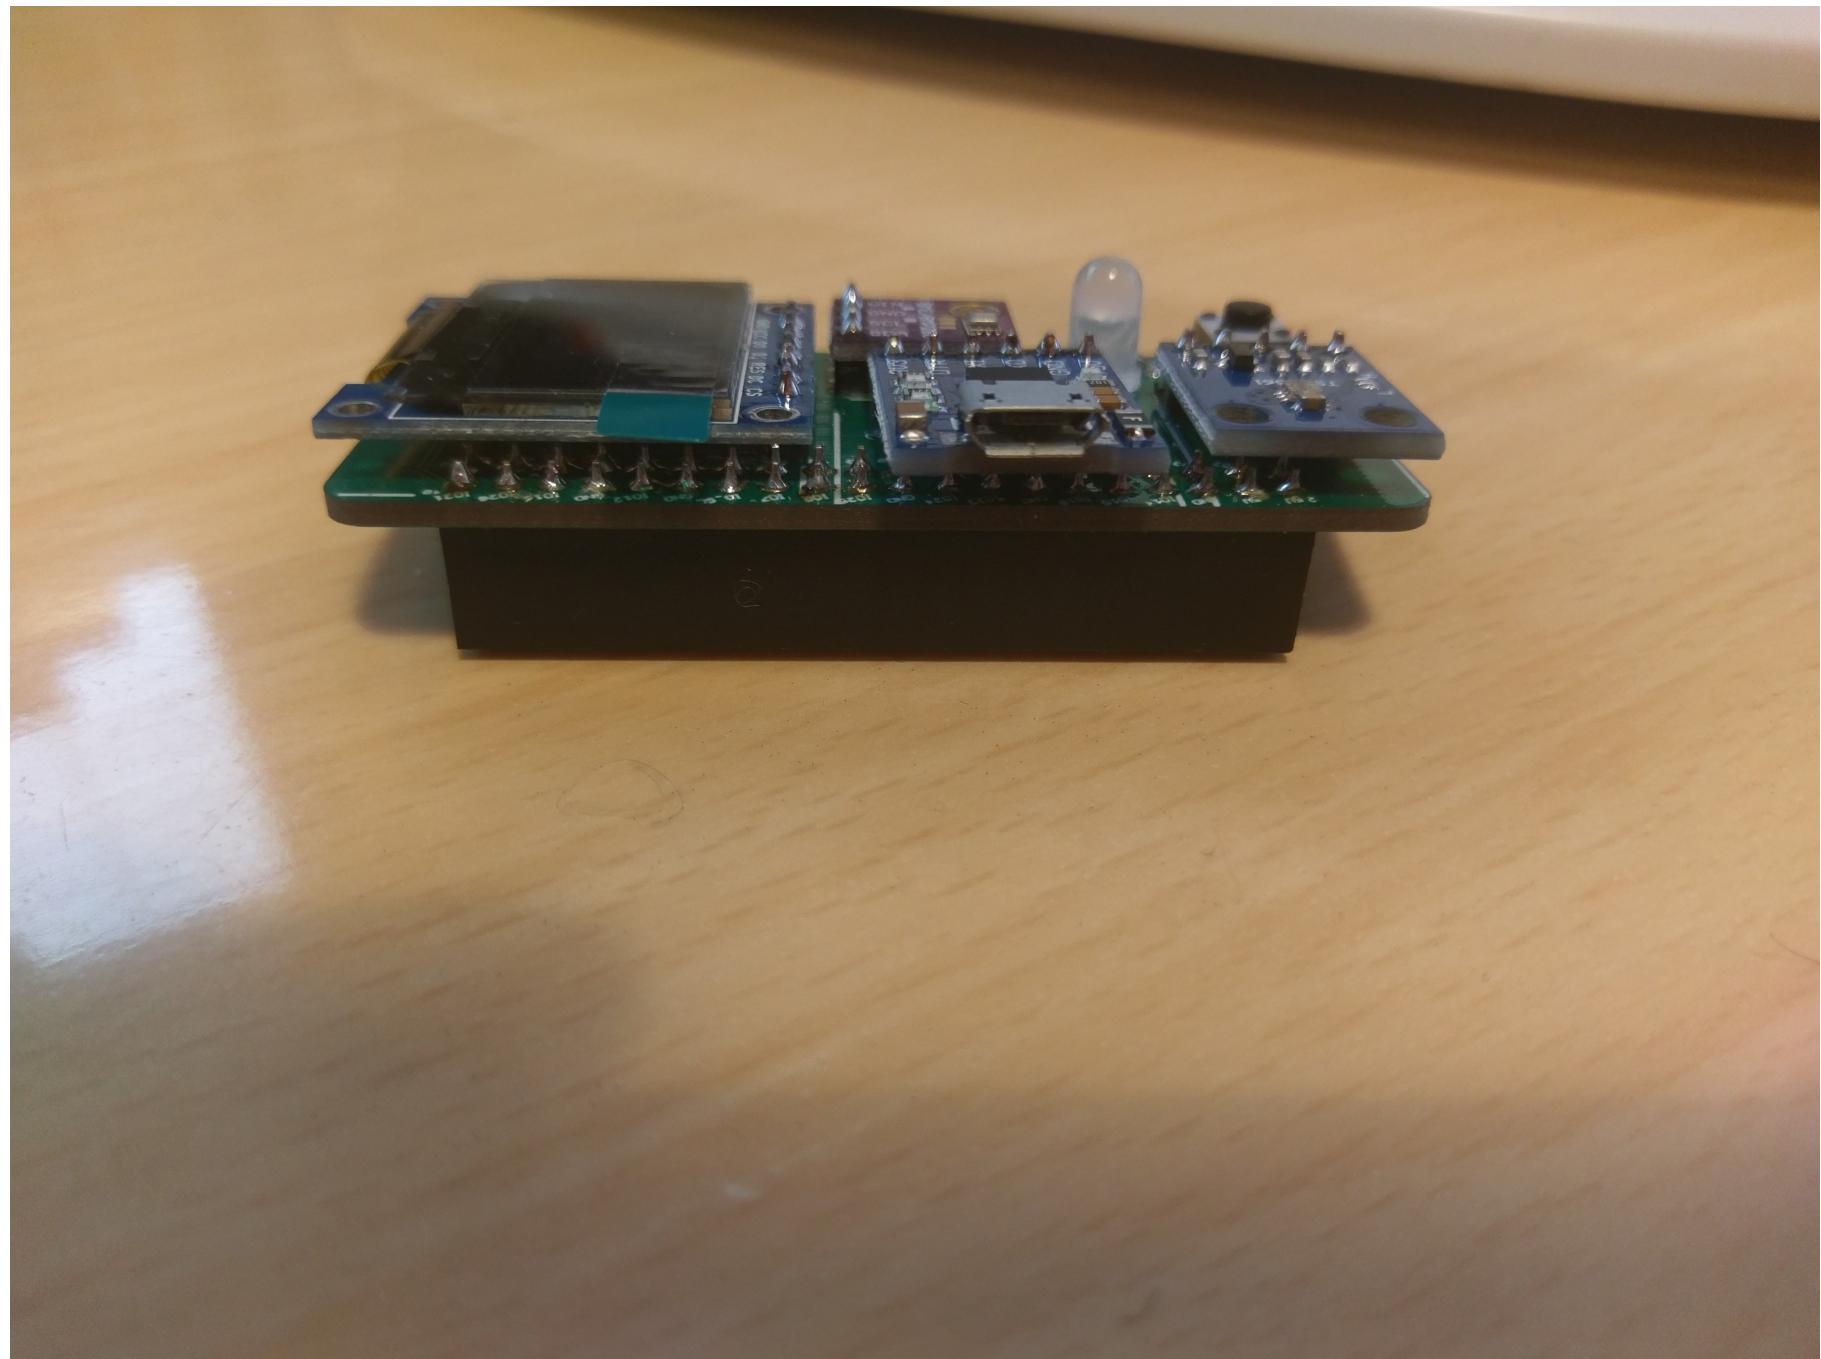

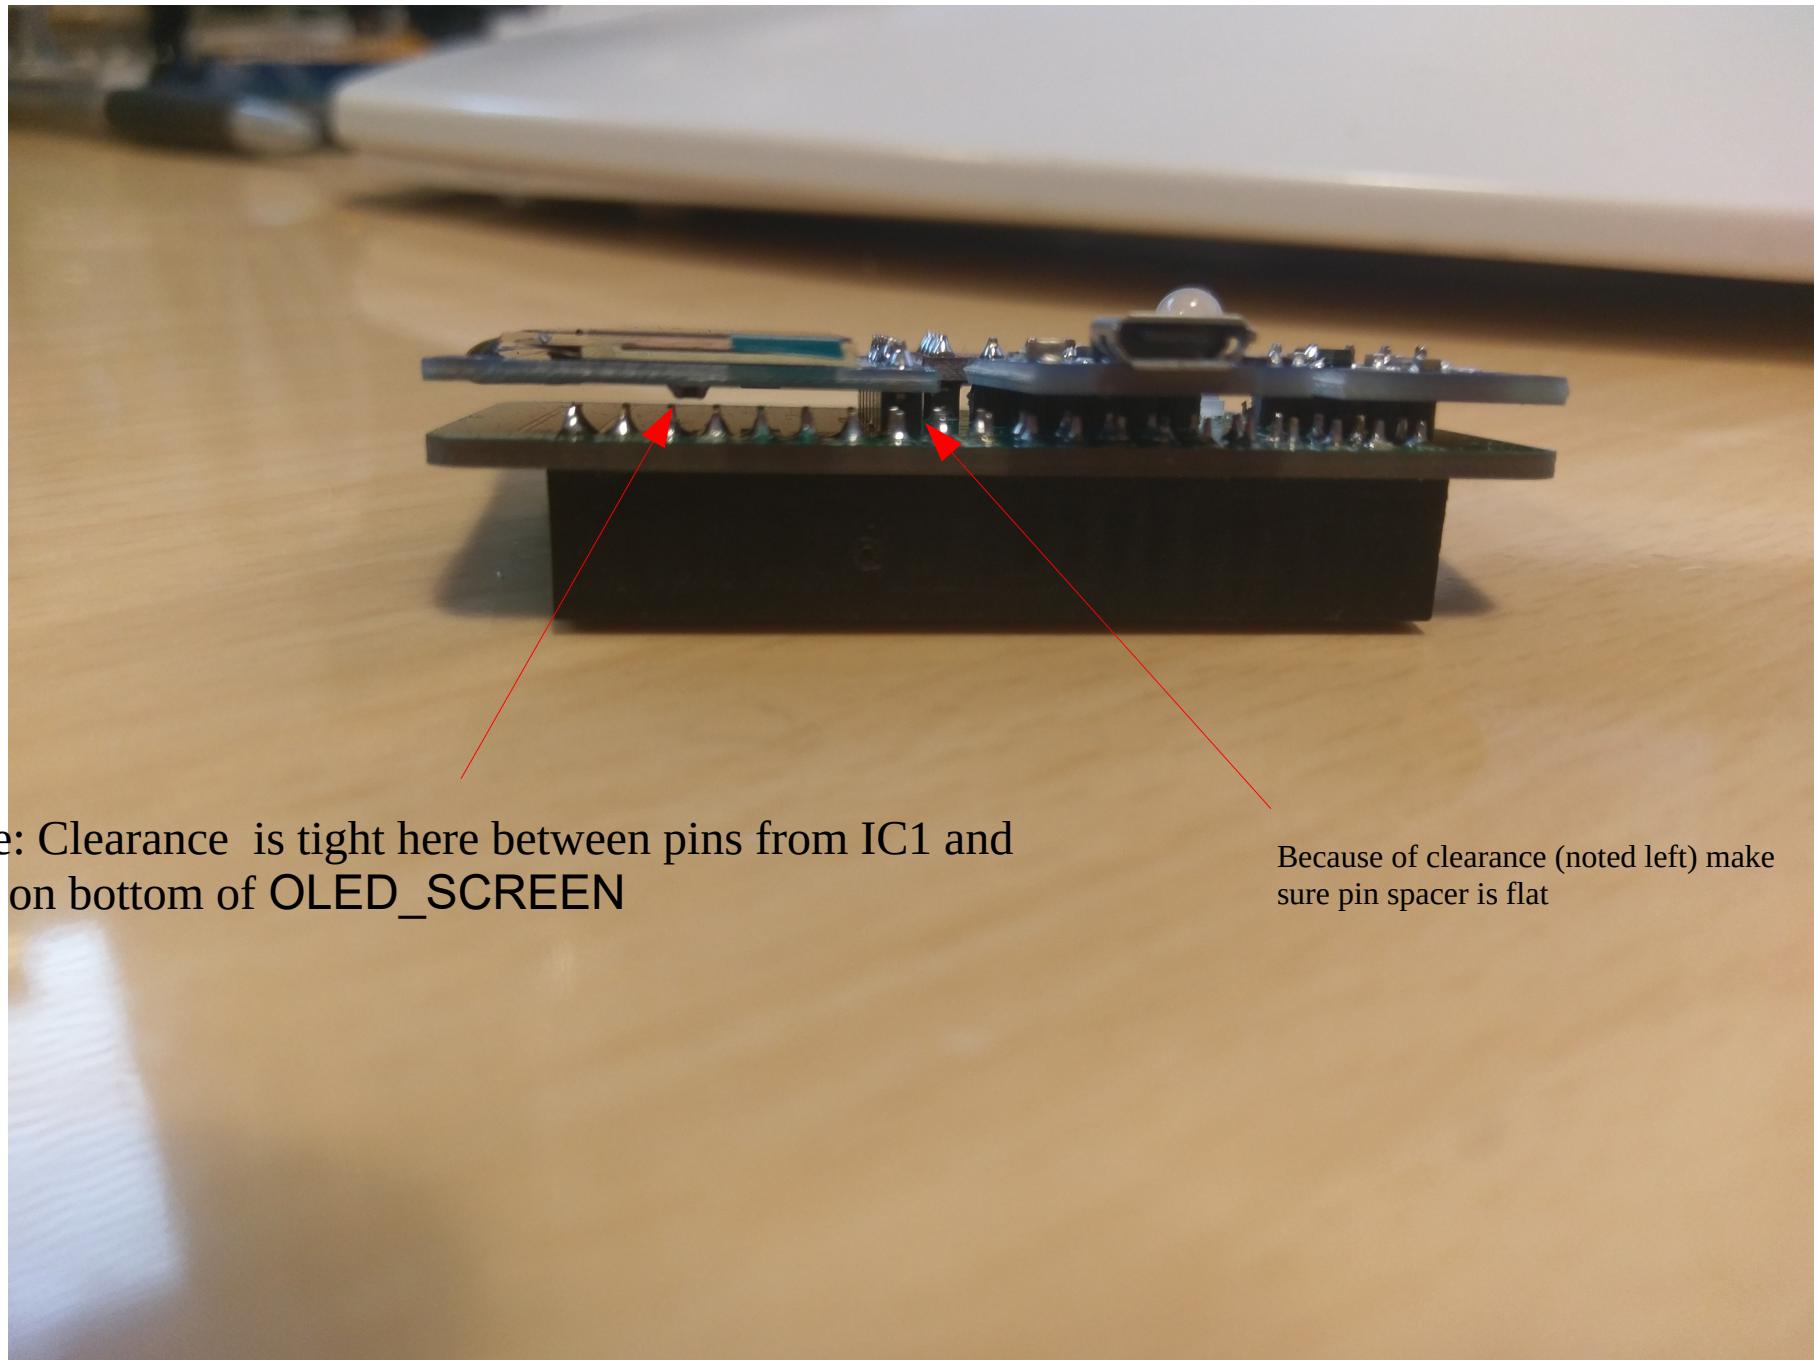

Board Bottom (assembled)

Board Top (Assembled)

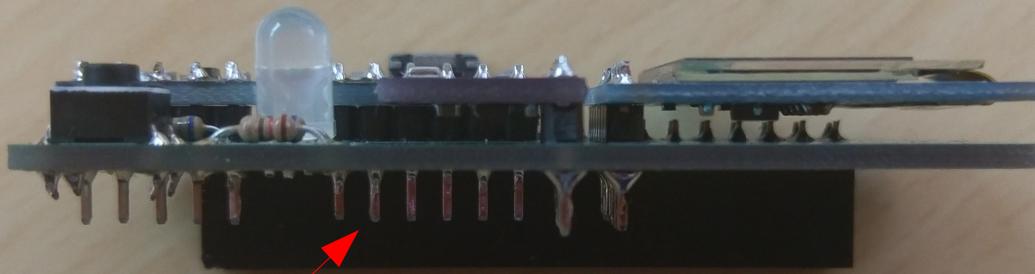

Note: Clearance is tight here between pins from IC1 and Cap on bottom of OLED_SCREEN

Because of clearance (noted left) make sure pin spacer is flat

The pins don't need to be clipped, if
it's a pain
